- Brewing time: <10 minute(s)

Design specifications
- Color(s): Stainless Steel
- Dimensions (L x W x H): 323x220x420 mm
- Weight (incl. packaging): 14.5 kg

Highlights

Integrated burr grinder
The conical burr grinder grinds fresh coffee beans for the desired number of cups right before brewing.

2 to 12 cups at a time
Enjoy delicious coffee, prepared from fresh beans by grinding and brewing only the quantity you need at a time. You can choose minimum of 2 and maximum of 12 cups.

Grind-off function

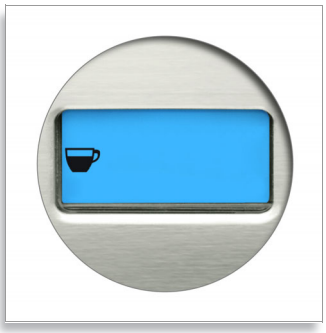
Grind-off button disables the grinder and regular ground coffee can be used.

Permanent coffee filter
The permanent dishwasher proof coffee filter provides convenience in the brewing process as well as in the cleaning of the appliance.

Grind Selector

The grind selector knob allows you to choose between 9 grind options to tailor your freshly ground coffee to your personal taste. Grind finer for a stronger coffee taste or coarser for a lighter, smooth coffee.

LCD and freshness indicator



Enjoy the convenience of easily selecting the variety of options with the intuitive LCD display. Cup icon indicator is displayed for 30 minutes to ensure that during this time the brewed coffee remains fresh.
